

Don't search,
FIND

A screenshot of the MedicareFind HCPro website. The page has a dark brown header with the site logo "MedicareFind™ HCPro" in white. Below the logo is a navigation menu with links for "Home", "Blog", "Medicare Weekly Update", "Calendar", "MedicareChat", and "What's New". On the right side of the header, there are input fields for "Username" and "Password". The main content area features a large heading "The Search is Over." followed by the text "Find your answer in our comprehensive database of Medicare rules, regulations, and CMS documents." Below this is a search bar with the placeholder text "What are you looking for?". Underneath the search bar is a section titled "EasyFind" with several blue hyperlinks: "Stark law", "RACs", "ABNs", "OPPS", "EMTALA", and "HIPAA". At the bottom of the screenshot, there is a section for the "MedicareMentor Blog" with an RSS icon and the text "HCPro Boot Camp instructors and revenue cycle experts interpret the latest Medicare rules and regulations, and you respond." Below this, there is a link for "Prior reconciliation".

Don't search, **FIND**

The search is over.

MedicareFind™ is a web-based regulatory database that allows users to easily and intuitively access Medicare reimbursement rules and regulations.

How often do you search the Web for regulations or guidelines? Daily—perhaps several times a day? Do you sift through endless pages on the CMS Web site and Internet search engines to find relevant documents?

Stop searching. Start **FINDING**.

MedicareFind™ offers a robust, flexible, and easy-to-use search engine that helps you cut through documents to find the specific primary authority you need.

FIND easy access

MedicareFind™ is so easy to use that you don't need extensive training to find your document. Check out the quick tutorial on the home page, or just try a find.

FIND time

Realize the immediate return on investment in time and productivity. Don't scroll through pages and pages of hits on the CMS Web site to find what you want—use **MedicareFind™** and get the source document you need right away.

The **MedicareFind™** logic makes your find easier. We do the surveillance for you, and build those continuous updates into **MedicareFind™**.

FIND relevancy

We index dozens of new source documents each day using our powerful search engine to continuously increase the relevancy of your finds.

The **MedicareFind™** search filters create a more targeted search by date, type of document, or source. **MedicareFind™** looks inside the text of all source documents for your terms. You'll find your key content right away.

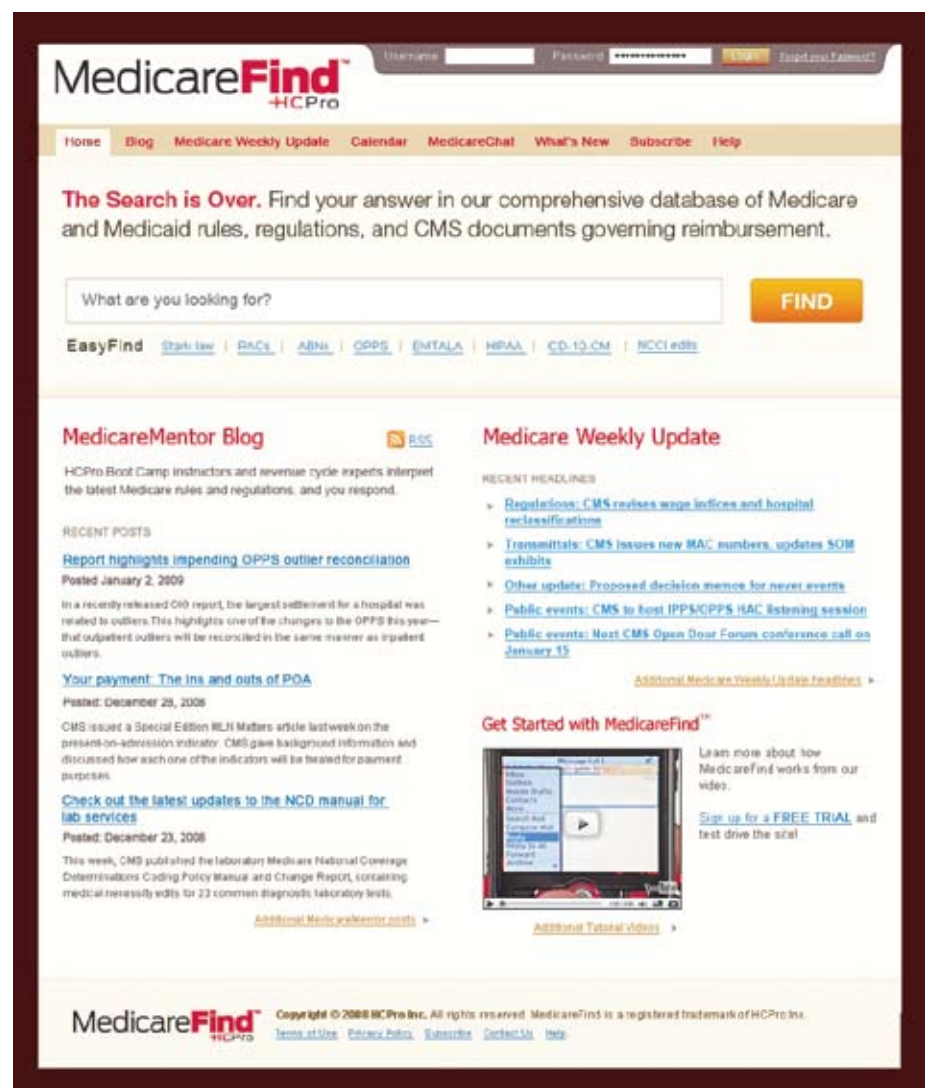

FIND expertise

MedicareFind™ isn't just a software program. It's a knowledgebase built with the help of expert advisors who teach thousands of healthcare professionals in the nationally-recognized HCPro Boot Camps™. These same advisors worked with our development team to build **MedicareFind™**.

Add to that the power of Medicare Weekly Update e-news and our expert advisory board interpretation of the important CMS rules and guidelines, and you've got productivity gains that drop right to your bottom line.

Already tested, already a hit

Don't take our word for it. **MedicareFind™** was rated consistently higher than the CMS search tool by our pilot testers—a group of compliance, HIM, and revenue cycle professionals—people like you!
